

Skill Glass

*Manufacturers of Glass Vials
& Aluminium Seals*

About Skill Glass:

Established in 1995, Skill Glass is a local manufacturer based in Karachi, Pakistan, specializing in Type I glass vials, aluminium seals, droppers, liners and related components.

Starting with a single ampoule manufacturing machine, Skill Glass has grown its manufacturing capabilities over the years to serve customers across the pharmaceutical, cosmetics, perfume, and other related industries.

Our manufacturing setup enables us to offer made-to-order products, customized sizes and specifications, competitive pricing and responsive lead times.

With an established customer base and decades of manufacturing experience, Skill Glass continues to focus on quality, flexibility and reliable customer service.
